

# JOE CROOKSTON IN CONCERT

Stomping Loud in Minor Keys and Story Songs and Jamborees. "This is not reviewers hype...this guy is flat out good"

From Ithaca, New York, Joe Crookston's music swirls with lightness, darkness, hope, cynicism, fretless banjos, Martin Guitars, Dylan Thomas, Taoist parables, Neil Young, clocks ticking, weeping willows, bluebirds, a little gospel, and a lot of fun. He's a deep soul who loves his audience...and it shows. Joe Crookston was awarded the International Folk Alliance "Album of the Year," and has just released his latest, *Darkling & the BlueBird Jubilee*. Haven't heard him before? You'll be glad you did.
